WHEELER-SHANE

MRS. F. J. WHEELER ENTERTAINING HER SON AND BRIDE MARRIED FEB. 15th

Mrs. F. J. Wheeler of 1330 North Maryland Avenue has just returned from San Francisco where she went to attend the marriage of her son, Leo, who was married on the 15th of February to Miss Rae Shane, the beautiful, accomplished daughter of Mrs. H. D. Roper.

The marriage was performed in the beautiful home of Mrs. R. W. Martindale, the Rev. James Clemens Reed of the First Presbyterian Church officiating. The rooms were beautifully decorated with roses and spring blossoms, the color scheme being pink and white—and a wedding breakfast was served to thirty guests.

The bride looked most charming in her going-away costume of navy blue duvetyne and large corsage bouquet of orchids and lilies of the valley.

The bride and groom are now guests at the home of the groom's mother, Mrs. F. J. Wheeler, after having enjoyed a very pleasant motor trip down the coast, stopping at Santa Barbara and other interesting points.

Previous to receiving his discharge the groom was a lieutenant in the Motor Transport Corps, and is now engaged in the steel and lumber business in San Francisco.

Mrs. Wheeler is also entertaining Mrs. R. W. Martindale and Mrs. Rowland, both of San Francisco.

WOODS RANCH TRANSFORMED

The Wm. Woods ranch of five acres on West Broadway, which was formerly away out in the country, is taking on a decidedly changed appearance now that it is in the very heart of the city: The big red barn has been torn down and the two-story chalet style dwelling house is fast being made over into an attractive bungalow of two four-room apartments by the new owner, O. G. Rudie.

NEW BOOSTERS

Mrs. Harry L. Howe of 446 Burchett Street has had the pleasure of welcoming to Glendale Mrs. Howe's cousin, A. N. Cole and wife, who have just arrived from Paw Paw, Mich. This is Mr. Cole's third trip to the coast. He was here 13 years ago and was then convinced it was the only place in which to live. Now he has disposed of the thriving newspaper he owned and published at Paw Paw, and has come with his family to stay. They have located temporarily on East Elk Avenue, having fallen in love with Glendale. Mr. Cole will probably take up newspaper work in Southern California after he has looked around a bit. He is a nephew of Mrs. Louise M. Blackman of Burchett Street, and is one of the most enthusiastic boosters for Southern California who has ever come to our city.

EN ROUTE TO ORIENT

CLARENCE H. SMITH WRITES INTERESTING ACCOUNT OF JOURNEY TO CHINA

Clarence H. Smith, nephew of Mr. and Mrs. E. U. Emery, who attended school in this city for a time, who is an ex-service man, and who has a host of friends in Glendale, has gone to Chino on a mining expedition for New York interests. A letter which he wrote aboard the steamship Lahore to his parents, has been forwarded by them to the Emery family and from it the Evening News has been permitted to make the following extracts for publication, believing they will be of interest to its readers, especially those personally acquainted with the writer of the letter:

"November 27th, 1919:—Today is Thanksgiving Day. It is warm and clear and I have plenty to be thankful for otherwise, I assure you. Our dinner was not exactly my idea of a Thanksgiving feast at mother's even if the menu did look good, but thanks were given for a safe journey and good weather. We made 306 miles today.

"We had a very interesting entertainment aboard ship in the evening consisting of musical numbers, readings and short talks by notables. Three American consuls and their wives are aboard, oil men and their families bound for Burma, mining men, and about forty-five mission-

(Continued on Page 4)

MANY CHANGES MADE

M'FADDEN RANCH ON WEST BROADWAY NOW COMPLETELY MODERNIZED

The rambling old two-story house on the five-acre McFadden ranch at 610 W. Broadway, surrounded with a thick grove of trees, has been modernized into a handsome Colonial residence of eight rooms, thoroughly modern and with its many attractions open to the gaze of the passerby. The fruit trees and vines on the acreage show rich promise for the coming season. Mrs. Bucher, a capable and energetic young matron, has ordered and superintended all the changes and now has a property representing an investment of $15,000 to $20,000.

The debris from the old house is still scattered about, but will soon be cleared up, and flowers and shrubs are being set out. There is a fine selection of peaches, apricots, pears and berries on the place and Concord, Muscat, Tokay, Mission, Sweetwater and Thompson Seedless grapes.

Mrs. Bucher is not a widow, as might be inferred. Her husband, Dr. W. H. Bucher, is serving his country and humanity as a Red Cross worker in Siberia. He has charge of the Central Division of Siberia, 1700 miles from east to west, with Irkutsk as the headquarters until the Bolsheviki army captured it. He is now or was when Mrs. Bucher heard last, in January, at some small town, a three days' journey from there. He is an old naval officer and was in charge of the Naval Hospital in San Diego during the war. He joined a Red Cross unit in San Francisco a year ago and on reaching Siberia was given charge of the Central District. He expects to reach home next June to settle down with his wife and two sturdy boys in the new home. Dr. Bucher writes that the Bolsheviki armies in Siberia are officered almost entirely by Germans, and it is his firm conviction that Germany plans in this way to eventually conquer all of Russia and Siberia.

Living with Mrs. Bucher are her mother, Mrs. Sarah Skelton, and her crippled brother, W. Skelton. With her as guests are her grandmother, Mrs. Elizabeth Crumpton, and two aunts, Mrs. T. Kinsey and Mrs. T. Woods, all of Pittsburg, Pa., who expect to return home next month.

HOME TO DENVER

EDWARD DUNGAN AND WIFE RETURN FROM ENJOYABLE VISIT

Edward Dungan and wife of Denver, Colo., who have been spending the past three weeks with his parents, Dr. and Mrs. D. R. Dungan of 323 East Lomita avenue, started on their return home today, intending to stop at Albuquerque, N. M., for a few days' visit with friends.

Immediately on arriving in Glendale Mr. Dungan bought a second-hand Ford car. He and his wife, accompanied occasionally by his parents, traveled 1500 miles in the car, visiting nearly every point of interest within a radius of 50 miles, then sold the car two days before their departure for $25 more than the purchase price.

Mr. Dungan is engaged in the real estate, loan and building business, with a partner, in Denver, and says business has been very good with his firm in all lines the past year. They conduct a "business chances" department, which is very successful, he says, much more so than a similar line out here, he learned from talking with dealers in Los Angeles, be-

(Continued on Page 2)

NEW COMERS ENTHUSIASTIC

Mr. and Mrs. C. B. Boody, who are almost brand new Californians, are already entertaining friends from the East. They came to California a little over a month ago, visited Glendale, liked it, bought property 442 Burchett Street and took possession of it about two weeks ago. They now have as guests Mr. and Mrs. A. E. Sherwood and daughter, Gladys Sherwood, of St. Paul, parents and sister of Mrs. Boody. The Sherwoods are as pleased with our city as are their host and hostess, who are hoping that some time they, too, will come here to live. They expect to return to Minnesota some time in April. Mr. Boody is connected with Bullock's Dry Goods Store.

WEATHER FORECAST: Fair tonight and Friday. No important change in temperature.

SIMS-DANIELS CONTROVERSY

HERBERT HOOVER TO TESTIFY BEFORE SENATE NAVAL AFFAIRS COMMITTEE ON SIMS' BEHALF

(Special Service to Glendale Evening News)

WASHINGTON, March 11.—Herbert Hoover, former Food Administrator, will be asked to testify on behalf of Rear Admiral William S. Sims before the Senate Naval Affairs Committee investigating the Daniels-Sims controversy. Sims today requested the committee to call Hoover and Chairman Hale stated that he would do so. Hoover is expected to give his testimony next Saturday.

Sims wants Hoover to corroborate his testimony regarding the desperate situation of the allies when America entered the war. He said Hoover gave him the first realization of the possible defeat of the allies during a conference in a London hotel after he arrived. Sims today made the disclosure that in June, 1917, he urged Secretary Daniels to completely strip the American coast of sea-going protection and transfer the ships to British waters. Daniels, the testimony showed, refused to entertain the suggestion. In a cable to Daniels Sims said:

"I fully realize the short-sightedness of public opinion and its effect on the distribution of our forces, but the fact remains that we could well afford to strip our coast of sea-going protection and concentrate it all in the critical area on this side of the ocean."

Replying to Sims' suggestion, Daniels cabled:

"The future position of the United States must in no way be jeopardized by the disintegration of our main fighting fleet," according to a cable from the secretary read by Sims today.

NEW COMPROMISE RESERVATION

WATSON-SIMMONS RESERVATION TO BE OFFERED UNLESS LODGE FORCES STAND PAT

(Special Service to Glendale Evening News)

WASHINGTON, March 11.—Unless republican senators spurn overtures being made to them by democrats, the Senate will be given a chance to vote on the Watson-Simmons compromise reservation to article 10. The renewal of overtures to republicans probably will prolong the suspense in the peace treaty situation. Simmons said today the compromise would be offered unless the republicans form a close corporation against any modification which Senator Lodge does not sponsor.

"Does that mean that Lodge will not offer the Watson-Simmons compromise?" Simmons was asked.

"It does not," he replied. "That has not been decided."

The Watson-Simmons reservation provides that the United States "assumes no obligation to employ its military and naval forces, its resources in any form of economic pressure in preserving from external aggression the independence of any other country."

Senator Ashhurst, democrat, of Arizona, declared in a speech that "the politicians want that treaty in the campaign so they will not have to discuss universal military training, the high cost of living, public ownership of public utilities, and other domestic issues."

The treaty, he said, would serve such politicians as "useful camouflage." "It is time the masks were torn from some places," Ashhurst shouted. "It is time to call the roll and show who is responsible for the defeat."

STEAMER "ESPERANZA" ASHORE

RADIOGRAPH SAYS SHE IS IN DANGER OFF PROGRESSO, MEX.; ENGINES BEING DISABLED

(Special Service to Glendale Evening News)

NEW YORK, March 11.—The 4700-ton steamer Esperanza believed to carry about one hundred passengers, is ashore on Madagascar Reef off Progresso, Mexico, according to an undated radiograph received at Tampa, Fla., and forwarded here today. The message was signed by Capt. J. R. Curtis and said the Esperanza's engine room was flooded and that she was in danger, her engines being disabled.

ANOTHER BISBEE DEFENDANT DEAD

CLARENCE INGRAM DIES AT BISBEE AFTER THREE DAYS' ILLNESS; HIS DEPOSITION TAKEN

(Special Service to Glendale Evening News)

TUCSON, March 11.—Death again entered the Bisbee deportation trials today when Clarence Ingram, one of the defendants, died at Bisbee after an illness lasting but three days. Word was sent to Tombstone last night that Ingram could not live. Attorneys rushed to Bisbee and took his deposition at midnight. Six hours later he died. This is the second man connected with the case who has died since the trial began, the other being C. K. Burnett who committed suicide.

U. S. GRAIN CORPORATION

SENATE ORDERS INVESTIGATION BASED ON CHARGES MADE BY FEDERAL GRAND JURY

WASHINGTON, March 11.—The Senate today ordered an investigation of the U. S. Grain Corporation based on charges made by the Federal Grand Jury at Spokane, Washington.

HONORS MRS. WALTHER

MRS. EMMA BETZ HOSTESS AT ORANGE AND WHITE LUNCHEON

Mrs. Emma Betz was hostess at an elaborate five-course and smartly appointed luncheon served at the home of her daughter, Mrs. Walter Jones, 430 Vine street, in honor of Mrs. J. D. Walther, who leaves Glendale today via the California Limited for Chicago, after an all too short visit with her daughter, Mrs. R. A. Puffer. Mrs. Betz is famed for her cookery and this luncheon will linger long in the memory of the guests so fortunate as to enjoy it. Marigolds centered the table an orange and white color scheme being carried out in all the courses and table accessories including the nut baskets which served as favors. Following the luncheon the ladies enjoyed a pleasant social afternoon. The guests were: Mrs. Hanna and her daughter, Mrs. A. H. Montgomery, Mrs. Aichholz and her daughter, Mrs. Raymond Horner, Mrs. J. D. Walther and daughter, Mrs. R. A. Puffer, and of course, Mrs. Jones, daughter of the hostess.

MUSKEGON-CALIFORNIANS

Mrs. H. O. Lang and her daughter, Mrs. J. W. Robinson of Chicago, have been guests on several occasions recently of their cousin, Mrs. Martha J. Miner of 458 Ivy street, this city. They are spending the winter in Southern California and making their headquarters in Los Angeles. The three ladies will be guests at a reunion of members of the Muskegon (Mich.) Club which is to be entertained Friday afternoon at the home of Mrs. George Blackstone, who resides at 344 North El Molino avenue, Pasadena. It is expected that at least seventy-five will be present. The regular membership of the club is about forty, but many tourists from Muskegon are in California who will be guests. Mrs. Miner came from Muskegon but has lived in California about twelve years. She has returned to visit twice but is susceptible to no temptation to go back there to live. Mrs. Lang and Mrs. Robinson are very much delighted with this country and are planning to come back and locate here permanently after they have disposed of certain business affairs in the east.

CHAPTER L. MEETS

NEW OFFICERS ELECTED AND DELEGATES TO THE STATE CONVENTION APPOINTED

Chapter L. of the P. E. O. met at the home of Mrs. Flora Temple on Wednesday, March 10, Mrs. Emma Burkett, Mrs. Helen Botts and Mrs. Nettie Brown being assistant hostesses. Freesias and ferns were used by the hostess in the decoration of her home.

Mrs. Emma Ferguson of 806 East Harvard street was initiated as a member of Chapter L., and after this ceremony a delicious luncheon was served. Following the luncheon came the election of officers:

Mrs. Fern Roberts, president.
Mrs. Ann Bartlett, vice president.
Mrs. Lida Border, recording secretary.
Mrs. May Emery, corresponding secretary.
Mrs Pearl Tower, treasurer.
Mrs. Genevieve Neel, chaplain.
Mrs. Lulu Smith, guard.

Mrs. Fern Roberts and Mrs. Dorothy Weller were elected delegates to the state convention and Mrs. Ann Bartlett and Mrs. Goss, alternates.

Mrs. Ann Bartlett, past president, then installed the new officers. Mrs. Fern Roberts, president, in a gracious manner, thanked the chapter for the honor conferred upon her and brief speeches were made by Mrs. Emma Ferguson, the new member, by Mrs. Josephine Brandt and Mrs. Archie Parker of Chapter B. A., and by Mrs. Lyford of Chapter J., Windom, Minn.

NORTONS HAVE HONORED GUESTS

Rev. C. R. Norton and wife, 801 East Wilson Avenue, had a delightful experience one day this week in the coming to their home of Mr. and Mrs. C. R. Abbott, of Canada. With them was a young lady teacher, Miss Gene Hill, who has lived in the Abbott home for the past three years. They have been touring Southern California for the past few months. Mr. Abbott was born 40 years ago in an Iowa city, where Rev. Norton was preaching, and the baby boy was named for him. Rev. Norton says that the sterling character of the man makes him proud that he bears his name.

GOOD BOOSTERS

J. HOLLINGSWORTH TELLS OF DEVELOPMENT AND PUBLIC SPIRIT IN HIS SECTION

J. Hollingsworth of 840 Dryden is very optimistic about the future of his part of the city and about Glendale in general. Said he:

"We consider this the garden spot of the city; vegetation is making a splendid growth. People are coming to us every day in autos trying to get houses to buy or rent and very little is to be had, but there is much development in progress, particularly on Dryden Street, where old homes have been improved and smartened and new buildings have gone up on vacant lots. On Campbell Street, near Dryden, Mr. Lawrence is building a fine home with stucco exterior and a $500 garage with tile partitions. Lots that have been idle for a long time are either being built upon or are being broken up and cultivated.

"The improvement of the Wash has brought about a boom for this part of the city, and we are right behind the park movement. The public will find that this section is very patriotic. We are ready to boost anything that will help Glendale as a whole regardless of the part of the city that will be most benefited."

TRYING TO DECIDE BETWEEN WEST AND EAST

Gustave Rosenberger and wife, who bought Mrs. Maud Scofield's place at 1424 South Glendale Avenue last October, have practically made the buildings over and the residence especially has all the appearance of a new, modern building. Poultry equipment is to be added later. They own a beautiful home on the north channel of the St. Clair river, 45 miles north of Detroit, Mich., and 20 miles north of Mt. Clemens, and they are now perplexed and trying to decide on which place to make their home—Glendale or the East. They incline to Glendale, Mrs. Rosenberger says, on account of its matchless climate, and her husband hopes to get into some kind of business out here. Though he has been in business many years in the automobile center of the world, Mr. Rosenberger says he has never driven a machine, but his stepson, Loren E. Kellogg, is more progressive, for he and his wife drove a Ford all the way out here from Detroit, taking five weeks for the trip, and are now making their home with the Rosenbergers.

HER TENTH BIRTHDAY

A pretty social affair was held yesterday afternoon for Clarice Dunham in celebration of her tenth birthday. She is staying at the home of Mrs. J. L. Smith, 410 East Broadway. Her little guests were: Alice Dunham, Mable Harrison, Vergene Britton and Verna Harrower. They played games during the afternoon and then enjoyed the birthday dinner. Little Miss Clarice was exceptionally fortunate in that she had two birthday cakes, one of which contained ten pennies scattered through the cake. At the close of the dinner all the little girls repeated the 46th Psalm and each guest was presented with the Book of Psalms. The guests were then ushered into the living room, where the little hostess hunted for her presents, which were many and beautiful.

"THE HERMIT'S NEST"

WONDERFUL COLONIAL PLAYHOUSE OF LITTLE JIM AND JUNE HORNE

Little Jim and June Horne, twin son and daughter of Mr. and Mrs. James W. Horne of 1445 Valley View Road, are the envy of all their small neighbors, for they are in possession of a wonderful playhouse just completed for them by expert builders, a regular Colonial bungalow, but with everything in miniature. Its dimensions are 15x10 feet. It has ten windows and a darling little French door. To provide for its seclusion a hedge has been placed around the outside. It has been named "The Hermit's Nest," but the name may prove a misnomer, as the twins are already planning to entertain their friends in it. Next week they are booked for an engagement at a Los Angeles hospital for minor operations on their tonsils, but if they make the rapid recovery expected, their fond parents have promised they shall have a party in "The Hermit's Nest" on the 28th.

GLENDALE, CALIFORNIA, THURSDAY, MARCH 11, 1920.

SWIMMING POOLS POPULAR

Other cities than Glendale are interested in swimming pool projects at this time, despite the high cost of materials. The Whittier High School Trustees have just let a contract for constructing a concrete swimming pool 60x100 feet in dimensions with a structure 80 feet long, also of concrete, to contain dressing rooms and lockers. The contract price is $12,500.

KENSINGTON CLUB ELECTION

The Kensington Club, made up of members of the Woman's Relief Corps, celebrated its sixth birthday and had its annual meeting Wednesday at the home of Mrs. Priscilla Houdyshel at 308 North Orange St. About thirty ladies were present and each contributed some specialty to the luncheon served at the noon hour. In consequence there was a tempting array of salads, sandwiches, cakes, pies, etc., served with hot coffee, Mrs. Tint Hammond having general charge of the feast.

Mrs. Julina Hayes was elected president, and Mrs. Patterson secretary-treasurer. The usual social hour followed the luncheon.

WATCH YOUR LIGHTS

Last night the campaign against unlighted auto lamps was begun by the Glendale police authorities. In spite of the warning given, 23 drivers were apprehended, charged with having unlighted head or tail lights, or both and if the officers had not become completely tired out, it is probable the number would have reached a hundred, Judge Lowe said. This should be taken as an additional warning by motorists.

CHURCH NIGHT SUPPER

Unusual enthusiasm was displayed at the Church Night Supper served at the Central Christian Church on Wednesday evening at which covers were laid for about forty. At its conclusion Rev. Clifford Cole conducted the Bible Study on the First Book of Kings, which was followed by the regular weekly prayer meeting. This was devoted largely to plans for the coming revival meetings from March 21 to April 4, which are to be led by Rev. C. C. Rood of Van Nuys.

AUTO BADLY DAMAGED IN COLLISION

Mrs. Martin O'Connell of 200 W. 51st Street, Los Angeles, reported to the police yesterday afternoon that as she was driving her 1920 Chevrolet down Glendale Avenue about 3 o'clock, she was run into as she turned in on San Fernando Road by Pierce Bros.' ambulance, which was being driven west. The wheels of her car were smashed to pieces, she reported, the front fenders and lights damaged and she herself slightly injured.

BURBANK RANCHER DIES OF DROPSY

Bela Olchvary died at his ranch home in Burbank on Tuesday, aged 75 years. He had been a resident of the state for 21 years. His death was due to dropsy. He leaves a widow, one daughter, Mrs. Elsie Kerr, and one son, Fred, who works at the P. E. station in Glendale. Funeral services are being held this afternoon in the Pulliam & Kiefer Undertaking Company parlors. Interment will be in Forest Lawn.

DEATH OF AGED SUNLAND RESIDENT

Mrs. Hester Ann Harding, aged 86, died yesterday at the home of her daughter, Mrs. F. F. Frisbee, on Summit Avenue, Sunland. Her husband is still living. Mrs. Harding had been a resident of California for 32 years, 29 of which had been in the house where she died. The body is at the Pulliam & Kiefer Undertaking establishment and the funeral will be held tomorrow, 2 p. m., in the Little Church of the Flowers, with interment in Forest Lawn Cemetery.

HOME TO DENVER

(Continued from Page 1)

cause there are more stores for sale in Denver than buyers, while out here, he was told, not nearly enough could be found to supply the demands of eastern business men wishing to invest out here. He said there had not been very much new building in Denver, but that there had been many sales of residences and business houses, many of them changing hands several times.

This is the first visit of Mr. Dungan and wife to California. They are so pleased with Glendale in particular, that they hope to live here some day, Mr. Dungan said. He has one brother in San Bernardino, Rev. Bert Dungan, minister of the Christian church there, one in Des Moines, Iowa, and another in Allentown, Pa.

NOTICE TO VOTERS

Your attention is called to the fact that registration of voters for the Municipal election of April 12th, 1920, closes March 12th, 1920. All voters must have registered as in the precinct in which they reside on the date of election, since January 1st, 1920.

The West Glendale W. C. T. U. met yesterday at the home of Mrs. W. Hyatt, 552 West Broadway, in its last annual meeting. It was decided to disband and join with the Glendale W. C. T. U. in order to centralize the work. Those present were: Mesdames Hyatt, McMillan, Tronsier, Cookman, Huddleson, Hanning. Walter Pearce and Florence Smith, also Miss Montgomery.

Personals

The children of Herman Nelson on East Harvard Street have the whooping cough.

Ormond Bradley, who works at El Segundo, was home over Sunday to visit his parents at 523 Oak St.

Mrs. F. W. Furbeck, the artist, of 215 South Brand, is visiting friends in San Bernardino and will return next Sunday.

Mrs. C. M. Cram of 325 East Fairview is visiting her brother, Mr. Lawrence, at Stockton, Cal. She will be gone about three weeks.

Dr. F. M. Collier, who formerly lived at 218 Windsor Road, last week transferred his residence to the Ray Morrow house at 130 Franklin Court.

Rev. Clifford A. Cole went over to Occidental College this morning to deliver an address to the students during chapel exercises on the subject, "Wanted—A Man."

Roland Thume of 539 Oak Street returned home the first of the week from a 15 days' tour of Central California painting signs to designate Sunkist orange and lemon groves.

Russell Killgore took out a building permit yesterday for an addition to his residence at 118 Arden Avenue, in the shape of a washroom and a storeroom, to cost in all $1200.

Mr. and Mrs. G. B. Burnham of 620 North Maryland are the proud parents of a baby boy born March 4th at the Westlake Hospital. He is the second child in the family and has been named Walter Jefferson. Both mother and baby are doing nicely.

Miss Hattie Orth of 153 South Central Avenue has been confined to the house for over three weeks, but is now able to be back in school again. Miss Orth has been suffering from complicated throat trouble.

Charles Ingledue, who had quite a severe attack of influenza, got out for the first time Tuesday. He still feels pretty weak, he says, but is gaining strength daily. Mrs. Ingledue has also recovered, but is not quite up to her normal health.

Miss Elizabeth Hosack of 703 E. Harvard Street was confined to her bed for two days last week by a severe cold, but is now quite restored. Her mother and sister were the next victims of the disorder, but they, too, are now recovering.

J. H. Springer and family moved yesterday from 534 Oak Street to the home of J. H. Berry, Mrs. Springer's father, at 237 South Orange. They have rented their home on Oak Street to C. H. Darling and wife, who sold their place just east of Springer's, about two months ago to E. W. Johnstone, and have since been at Hermosa Beach.

Three cottage prayer meetings were held Tuesday evening by members of the First Baptist Church, one at the home of H. T. Anderson at 247 North Orange, a second at the home of Mrs. Budway in Casa Verdugo, and a third at the home of Mr. and Mrs. James Proctor on Los Feliz Road. All were well attended and much interest was manifested.

J. M. Collins, a Los Angeles realty dealer, has been making frequent visits to Glendale recently. He has been living in Hollywood but has sold out his holdings there and has made up his mind Glendale is the place where he and Mrs. Collins want to establish their permanent home. He is making a leisurely survey of the town and when he finds what he wants, will buy, he says.

Mr. Edward Charnby of Los Angeles has been visiting his daughter, Mrs. Alice Weger, of 332 Ethel Street. Mrs. Weger has also been entertaining her sister, Mrs. George Kiloh, a recent arrival from Glasgow, Scotland, and another sister, Mrs. B. McComb of Los Angeles. Mrs. Kiloh and Mrs. McComb returned to Los Angeles Tuesday evening, accompanied by their father, Mr. Charnby.

Mrs. J. T. Anderson and son left yesterday morning on "The Lark" for their home in Oakland after a visit of several weeks in the Southland where they were guests of Mrs. Lou Kirri of 230 South Louise St. All the surrounding points of interest were visited while here, ending with a trip to Catalina Tuesday and the Mount Lowe trip the day before. Mrs. Anderson carries away with her the most pleasant of memories of Southern California.

Mrs. D. S. Phillips, wife of the Auditor of the Public Service Department, returned to her home, 355 West Vine Street, last evening from a delightful eight days' trip to San Francisco and other points. The trip was made by auto with friends from Los Angeles, leaving a week ago Wednesday and taking the inland route. They reached Fresno the first day and Stockton the second, going from there to Sacramento, where Mrs. Phillips visited old friends. From Sacramento they went to San Francisco, where two days were spent in looking about the city and other points of interest. The return trip was made by the Coast route and Mrs. Phillips reports a fine time and a delightful trip.

FOR SWIMMING POOL

BOYS AND GIRLS OF GLENDALE TO RAISE FUNDS FOR SAME

Judge F. H. Lowe has been given full charge of the campaign for raising the funds necessary for the construction of the new swimming pool in Kenilworth Park and he has called to his aid the Boy Scouts, under the direction of Scoutmaster Kellogg, and the boys and girls of the grammar schools, under the direction of Prof. Richardson D. White, superintendent. They will commence the canvass for funds next Monday, March 15, and they have been given two weeks to raise the amount. Judge Lowe assures the people of Glendale that this swimming pool will be strictly up-to-date, thoroughly sanitary, and that the physical and moral welfare of the boys and girls who enjoy its advantages will be under the direct supervision at all times of the city authorities. He feels that every citizen will appreciate the necessity of this great improvement that the children will no longer be compelled to go to Brookside Park or other resorts for this healthful diversion. He urges the contributions of all the people, no matter how small the sum they feel they can afford. That this project has struck a popular chord is evidenced by the fact that several citizens have already contributed generous amounts to the fund. The following statement, Judge Lowe feels, will set the matter before the people in its true aspect:

"The boys and girls and young people, generally of Glendale, have long felt the want and expressed the desire for a swimming pool. During the last few years the pool at Brookside Park, Pasadena, has been patronized extensively by these young people. It is safe to say that there is no difference of opinion as to the desirability of supplying this means of recreation and enjoyment for our young people.

"The new City Park, located at the corner of Patterson and Kenilworth Avenues, offers a splendid location for a general recreation center and is especially adapted for the location of a swimming pool. It borders the Verdugo Wash and whatever waste water there may be from the pool can be disposed of without difficulty. It is probable, however, that there will be no waste water, as it will all, no doubt, be used for irrigating the large grove of shade trees which has been set out on that portion of the park grounds which borders the Wash on the south. The Board of Trustees in regular session Thursday evening, March 4, approved the plan suggested for raising sufficient funds for the constructing and equipping of a swimming pool at the new park.

"The young people of the city through the Boy Scouts and schools have volunteered to raise the funds. The Health Department of the state has been given ample authority under the law to regulate both the construction and operation of swimming pools and, of course, the municipal pool in Glendale, when built, will have to conform to all of these regulations, some of which are hereinafter set forth, to the end that the swimming pool and necessary structures in connection therewith may be built on proper and artistic designs.

"Two of the leading architects have offered their services gratuitously for the working out of these designs and the people of Glendale may feel assured that the very best that their money contributed for this purpose will afford shall be had."

MISPLACED PHILANTHROPY

Walt Whitman declared that "the murder comes back to the murderer and the theft comes back to the thief." Charles Carrere is wondering if that will be the case with a light-fingered gentleman of the under-world whose acquaintance he made the other day. Mr. Carrere is a new comer in Glendale who resides at 439 West Elk Avenue. A few days ago when he was standing in front of the Alexandria in Los Angeles he was conscious of a touch and turned around just in time to discover a sallow-faced young fellow extracting from his person quite a valuable watch he owns which is set with diamonds. He halted the adventure while he forcibly detained the young man long enough to have a little conversation with him in which he asked:

"How did you come to go into this business?"

"It was like this," the culprit replied: "I used to go from door to door selling baking powder. This is my first offense, and I was desperate and hungry."

"You certainly were not very apt," admitted Mr. Carrere, and because he was glad to believe the man he gave him $2 to go and get something to eat, and released him without notifying the police. The next day he read an account of a thief who had been arrested just around the corner from the Alexandria while attempting to do the same thing tried upon him. Being somewhat curious about the matter he visited the police station and found the arrested man was his beneficiary of the day before to whom he had given the $2.

NATURALIZATION

PROF. H. M. SHAFER SETS FORTH FUNDAMENTAL NEEDS OF FOREIGNERS

A very interesting meeting was held last evening at the Glendale Presbyterian church commening at 7:15 with the regular prayer meeting, at which Rev. W. E. Edmonds presided, speaking on "Men Who Prayed." Following this service at 8:15 the School of Missions was held, the speaker being Prof. Harry M. Shafer, assistant superintendent of Los Angeles schools. He spoke on "Naturalization and the Fundamental Conditions in Dealing with the Foreigner."

Prof. Shafer presented the subject in an interesting and practical manner, giving illustrations from actual experiences in his work and impressing upon the minds of his hearers the need for kindness and assistance to those coming to our country. He said that we, as a nation, do not rank first in literacy, and somewhat surprised his hearers when he gave out the information that our beloved country ranks eighth in literacy, substantiating his statement by giving a list of the nations surpassing us in this respect. Prof. Shafer has spent some time abroad and when making these trips lived and traveled with the working classes in order that he might learn of their habits and how to assist them, all of which has been of great assistance to him in helping them to better lives. At the close of his address the members of Mrs. J. R. Baker's Sunday school class served refreshments to those present, after which a few moments were spent in meeting Prof. and Mrs. Shafer. This meeting was the largest of any of the series that has been held, the Sunday school room being filled, which proves that the School of Missions is well worth while and giving to the congregation and friends something which they desire.

O. E. S. FUNCTIONS

MRS. DANIEL CAMPBELL ENTERTAINS GRAND OFFICERS AND PAST GRAND OFFICERS

Miss Elizabeth Marshall of Sacramento, Junior Grand Matron of California, O. E. S., is the house guest of her old friend, Mrs. Daniel Campbell, of this city. Wednesday she was guest of honor at a luncheon given by Mrs. Campbell for past grand officers of the order who are now visiting Southern California and who have been much feted and entertained by the various chapters and at private functions. Today an elaborate luncheon is being given for them at Hotel Virginia in Long Beach at which Miss Marshall will be a guest. Sunday evening she and the Campbells were guests at a dinner given by the Grand Associate Conductor, Mrs. Adelia Sherwood, at her beautiful home in Alhambra, and the night previous they attended the biggest reception ever held for past grand matrons and patrons in the Knights Templar hall in the Los Angeles Commandery, between 500 and 700 persons being in attendance. On that occasion the grand matron was presented with a beautiful chest of silver and the grand patron with a fine Victrola.

At the luncheon given by Mrs. Campbell on Wednesday, the following guests were entertained: Mrs. Eisensohn of Los Angeles, past grand matron of California; Mrs. Mabel Ide Seymour of Sacramento, past grand matron of California; Mrs. Minnie Seymour of Mill Valley, past grand matron of California; Dr. Wallace, past grand patron of California; Mrs. Wallace, his wife; Mr. Eisensohn, past grand patron of State of Washington and husband of past grand matron; Mrs. Robinson of Needles, Mrs. Zehner of Berkeley, and Mrs. Leonard of Burlingame, three past grand officers; Mrs. Boyd of Sacramento, Mrs. Sawyer of Bakersfield, Mrs. Blanchard of Oakland, past grand associate matrons of California; Mrs. Job of San Francisco and Mrs. Sibley of Los Angeles who, like the hostess, were among the grand officers of 1919; Mrs. Scriver of Los Angeles, a past grand officer; Mrs. Harry V. Brown of Glendale, wife of past grand associate patron H. V. Brown.

DEATH OF WILLIS J. CAMP

Willis J. Camp passed away at his home, 719 East Wilson Avenue, Tuesday evening, March 9, 1920, at the age of 38 years. He had been a resident of Glendale for several months and though incurably ill had made quite a circle of friends here who will be grieved to learn of his demise. He is survived by his wife, Laura C. Camp. Funeral services will be held at the Church of the Seventh-day Adventists Saturday at 2 p. m. Interment will take place at Forest Lawn Memorial Park with the Jewel City Undertaking Company in charge.

Wm. Wayman and his mother, who had lived for a year at 612 Vine Street, started yesterday on their return to the old home in Pittsburg, Pa.

Quality Grocery

CORNER BRAND BLVD. AND WILSON AVE.

Larger Than Usual

Our Sale on WATER WHITE STRAINED HONEY and GOLDEN TREE MAPLE BLEND SYRUP is larger than usual. The higher cost of sugar has brought this about. The honey and syrup come to us in five-gallon tins. It is the very best quality obtainable. We put it up in Mason pint and quart jars. Our price at present is based on the old 12c cost of sugar and is a distinct saving over the present cost of sugar.

Pure Eastern Buckwheat Flour can always be had from us.

One delivery at 10 a. m. Two deliveries in afternoon, namely, 2 p. m., and 4 p. m. Get your orders in early.

THE CLUB SITE

Mrs. Daniel Campbell states that she was not present at the meeting of the Tuesday Afternoon Club at which the subject of a club house site was debated and therefore did not take part, the remarks attributed to her having been made by Mrs. Helen Campbell. She is greatly interested, she says, in the securing of a club home and has worked as hard as any member in the organization to that end. She is not insisting upon any particular location, believing that it should be selected with a view to the convenience of the greatest number. As she goes to the meetings by auto it will make little difference to her where it is placed. She is, however, strongly in favor of three lots. She thinks the tendency in our city is to follow a short-sighted policy which does not sufficiently take into account the inevitable growth which will take place in Glendale and she does not want this policy to limit the future welfare of the club.

BUSY CORNERS AT HARVARD AND COLUMBUS

Harvard street, where it crosses Columbus avenue, presents a busy appearance these days. On the south side the new house Guy Pixley is having built for himself and his prospective bride is being rushed to completion. On the north side Geo. Prickett is building two five-room bungalows and a garage, and though the lot is but 125 feet deep, there is room for all the buildings. The one on the rear of the lot is all enclosed but the front bungalow is just rising from its foundation.

MAKE YOUR CHOICE NOW

This is the time in Glendale for well-meaning citizens to lay plans ahead for the taking care of their city for the next two or three years. Three new Trustees are to be elected on April 12. It is up to the people to make a choice and after the choice is made the men selected should get the undivided support of all.

EVANGELISTIC MEETINGS
—at the—
FIRST BAPTIST CHURCH
Corner of Wilson and Louise
Commencing Sunday Morning, March 14
Rev. H. E. Marshall

A Tested Evangelist, will preach every night, commencing at 7:30. Mr. Marshall will lead in the Service of Song. The public is cordially invited.

The first snake story of the season comes from San Diego. A boy there killed a rattler eight feet long, with eleven rattles. That is, he didn't kill it with the rattles, if we understand the story correctly, but the snake had the rattles, all of which were rattled loudly, at least in the newspaper report.

EN ROUTE TO ORIENT

(Continued from Page 1)

aries. Of the eighty-five first class passengers, four are named Smith.

"November 29:—Every one was up bright and early as we arrived at the entrance to Port Said about 5 a.m., and moved in along the breakwater very slowly, passing dredges at work, then on into the channel, past the town proper, and anchored about one mile below the town. Immediately after we had anchored barges of coal were placed alongside and preparations were made to take on enough (400 tons) to run us to Perim, our next coaling stop. All the coaling is done by hand by the natives—Arabs—who are Mohammedans. First they raised a large timber from the barge to the side of the ship. This was done to music (?) as each time they lift they utter about half a dozen words calling in a sing-song tone for the "Good Prince" to help them, and they evidently expect him to do most of it, as they only move it about an inch at a time and it took about 50 of them ten minutes to get the plank in place. Some speed! Finally when they had it placed at an angle of about thirty degrees they sprinkled fine coal on the plank to sand the track, as it were. Then all started to pick off a few rags and underneath were more of the same only dirtier and more torn. Some of the excess rags were put on over their turbans until some of them had long flowing bridal veils. The rest of their bodies were bare except for their waist bands and breech cloths.

"The coal is shoveled into round, wicker baskets holding about seventy-five pounds which are placed on the bare shoulders and back of the head and thus carried up the plank and into the coal bunkers. The men always go on a trot and sing as they go. About 9:30 we went ashore in a rowboat. Our lone oarsman was perspiring rather freely after his row of a mile in the boiling hot sun. However, he got the laugh on us after all for instead of landing us at the Custom House, as he should have done, he put us off at a military base. After walking across the island we were compelled to hire another boatman, probably his partner, and pay another fare to get to the Custom House.

"After having our passes examined and stamped we passed on into the town and visited Simon Artz & Co., which is the best store in Port Said. We purchased some Topees, post cards, cigarettes, etc., while the committee went shopping for prizes for the tournament of games to be held on board ship. We still had about two hours to spare and spent it in wandering about town and seeing the sights. The streets were full of peddlers selling everything imaginable.

"If you want money changed you stop at one of the money-changers who sits behind a little glass showcase in the street and you bargain as you would in a horse trade. Pausing at a group farther up the street we saw a magician entertaining the crowd with his sleight of hand work, and believe me, some of them are very clever. At another place we saw some natives eating snails. They hold half a lemon and a chunk of bread in one hand and with the other hand scrape the open end of the shell across the lemon, then suck out the snail and take a bite of bread, chucking the empty shells between their crossed legs. Some had fifty or seventy-five empty shells, but we did not stay long enough to find out what they did with them. A small boy with a large wicker basket follows you around and carries all your packages for you and stays at your heels until you are back on the ship, all for the sum of one bob (shilling). One finds many American articles for sale here, such as gum, toilet articles, drugs, etc., but the tobacco is local and much cheaper than similar grades in the United States. Many blind, crippled and diseased beggars wander around the streets, and on the whole they are a mighty dirty looking people.

"We returned to our boat about noon and started through the Suez Canal before dusk. Huge searchlights are mounted on the bow and light the canal far ahead, for it is rather narrow and no boats pass except in the lakes. The canal is about seventy-eight miles long and there are no locks, the ships steaming through under their own power but going very slowly, as the minimum time is fourteen hours to pass through. It cost about $8000 to send this small ship through, so you can imagine what the income would be. This canal was built and is owned by a private corporation, but England owns the majority of the stock which pays big dividends.

December 3, 1919.

"Well, we arrived at the southern end of the canal about nine o'clock and anchored off the town of Suez until noon, but did not go ashore, after which we sailed south into the Red Sea and hot weather. Out came the Palm Beach clothes and soft collars. The nights are cool enough for comfortable sleeping, but I can imagine what it would be like here in the summer time, for we are going towards the equator all the time and the sea is surrounded on both sides by a desert. The ship's swimming tank is now in operation and is well patronized until nearly midnight every day. The water is 85 degrees Fahrenheit, and as you can imagine the air is considerably hotter.

Perim, Dec. 5, 1919.

"We arrived at this place last night. It is a small island at the lower end of the Red Sea and is, so they say, 'the jumping off place,' and I believe them. We did not go ashore for there was nothing to see. Our chief amusement was bargaining with the Arabs for ostrich plumes which are brought over from the African coast to catch the steamers that stop here for coal. I bought them very reasonably after about two hours of haggling and got them for just one-fifth of what they were offered for at first. We left here the same day and started for Karachi, India, which is on the northwest coast above Bombay.

"It has been a continual round of deck sports, bridge, dances, musicales, etc., as all contests are to be finished before reaching Karuchi, because most of the crowd will leave us there. I won the shoe race and also gentlemen's threading the needle contest, for which I received an Egyptian pillow top and a silver mounted frame for a desk.

Karachi, India, Dec. 10, 1919.

"Arrived here this a. m. and am enjoying sightseeing even to an hour's ride on a real camel. I have seen enough desert to last me forever. Am leaving now for Bombay, where we will have a stop of a week. I have been on the water now a month and have enjoyed every minute of it. Expect to arrive at Rangoon, Burma, January 10th, then up the river and then over into Southern China. Give my regards to all friends.

"With lots of love, your son,
"Clarence Harold Smith."

Wonderful Results at 70 From Internal Baths

Mrs. L. M. Wadlia, 2043 National Ave., San Diego, Cal., writes Tyrrell's Hygienic Institute of New York as follows:

"Within the last month have had wonderful results and all inflammation has nearly subsided. I could hardly expect a woman over 70 to receive benefit from a trouble of long standing as quickly as a younger person. Money could not buy my 'J. B. L. Cascade' if I could not get another."

It is difficult to believe how many internal troubles internal bathing will relieve until you realize that physicians agree that 95% of human ailments are caused by accumulated waste in the lower intestine.

The "J. B. L. Cascade," the scientific method of internal bathing, removes, in a perfectly natural way all poisonous waste, and has been so successful in promoting health that over half a million intelligent Americans are now using it regularly.

It is the invention of Chas. A. Tyrrell, M. D., of New York, who for 25 years was a specialist on Internal Bathing, and it is now being shown and explained by Roberts & Echols in Glendale.

They will give you on request a very interesting booklet on Internal Bathing by Dr. Tyrrell, "Why Man of To-day Is Only 50% Efficient."

Ask for it to-day and know more about yourself and your functions than you ever have before.

AUTO CLUB TRYING TO CURB TRAFFIC LAW VIOLATIONS

The Automobile Club of Southern California, which has a large membership in Glendale, is making a determined war on speed maniacs, alarmed by the great increase in accidents and deaths each month. There were 13 deaths in Los Angeles city alone last month and hundreds of accidents. A company of 200 "Vigilantes" is being recruited from the membership, whose duty it will be to spread themselves about over the cities and towns and watch for violators of the law. These men are to be in ordinary clothes, so their identity may not be suspected. Warning is to be given after the first offense and drastic punishments inflicted for subsequent violations of law.

Seven people at Martinez, Calif., have been driven insane by the use of ouija boards, it is said. All bunk. Anybody that would take an ouija board seriously couldn't go crazy. Nobody can go to a place where he already is.

The recent rains in Southern California may not have filled the underground reservoirs with water, but they filled the farmers with hope, which is the next best thing, at least for the farmers' wives, for they have to live with the farmers.

THE CAMPFIRE

The Glendale Pool

There isn't a Scout in Glendale who does not welcome with a shout the news that Glendale is to have a swimming pool. Yes, a swimming pool is not only wanted by every one in Glendale, but we all realize that it is a real need. Every healthy boy loves to swim, and needs the wonderful universal exercise and development that swimming gives, to say nothing of the free life insurance that comes with success in learning to swim. And we are certainly glad, as Scouts, that we are given the opportunity to get out and hustle for the necessary funds.

The campaign starts next Monday afternoon and will last two weeks. Each troop has already been assigned a definite block of territory, and will see to it that not an individual or home in that block is neglected. Every one in Glendale is to be called upon to help, for every one in Glendale is interested and will have the privilege of enjoying the pool when it is completed.

So peel off your coats, fellows, and get at your streets the first thing after school on Monday. You know every Scout that raises $100 will be given a season ticket to the pool absolutely free, good for an entire year. That, too, is something worth working for.

Mr. Kellogg will visit all the troops this week, giving them final instructions for the campaign. Be sure not to miss your troop meeting this week.

We're Off for Sister Elsie

Owing to the fall of snow on the mountains this week, it has been decided to take the hike this Saturday to Sister Elsie, where it is expected that a goodly supply of snow will be found.

We will meet with lunches and canteens at 7 a. m. at the Intermediate School. We will go by truck from here to Sunland, at the foot of Haynes Canyon. Here we will take the new government trail to Sister Elsie, and if all goes well we ought to be in the snow by 10:30 or 11 o'clock. This will give us ample time for plenty of fun in the snow, and returning we will meet the truck at the foot of the trail. We expect to arrive in Glendale probably by 6 or 6:30. The expense will amount to about 25 cents per boy, this to defray the cost of the truck.

Bicycle Battalion

At the meeting in the City Hall last Monday of 28 Scouts with bicycles, it was decided to go ahead with the idea suggested by Executive Kellogg for formation of a battalion of mounted Scouts. The membership is to be limited to Scouts who have passed all of their first class tests, except "Service," and any other one test.

The battalion, under Mr. Kellogg's leadership, will hold regular drills and learn not only the military maneuvers, but many fancy drills for exhibition purposes. They will also take several camping trips on bicycles. Among these it is hoped to include a trip to Santa Barbara and also to San Diego.

So get busy with those tests, Scouts! As soon as you are qualified, be sure to register as a candidate for the battalion at Scout headquarters. As soon as the total registration reaches sixteen in number, the first drill will be called, and plans laid for the first camping trip.

Tests

Troop 1.—Masuri Horii and Carl Brugge both passed tests this week.

Troop 2.—Robert Hatch, Leslie Hatch, Clifford Wolcott, Jack Alvord, Frank Thompson, Dallas Kalbaugh, Harlan May, Charles Worley and Stewart Eaton passed a total of 15 tests.

Troop 3.—Robert Raymond, Burton DeGroot, Ralph Eckles, Kenneth Miles, Lynn Criswell, Eugene Wernette, Alexander McPherson and Perry Townshend passed a total of 24 tests.

Troop 4.—Forest Krug, Richardson Jones, Arthur Barton, Edward Woodward, Marion Morrison, Arthur Wetton and Thomas Pentacost rolled up a total of 16 tests.

Editor Comfort of the Paso Robles Star boasted a couple of weeks ago that there wasn't a case of flu in the town. He evidently forgot to knock on wood, however, for the very next week the town was as speckled with flu cases as a kitchen window is with spots in fly time. The only Comfort in the situation was the editor himself.

Paso Robles has just let over $200,000 worth of street paving to the Federal Construction Company of San Francisco, but they are glad to report that it is not really a federal company, but a private company, so the work will probably be done somewhere near on time and at a fair price.

The story comes from the South Pasadena ostrich farm that a young ostrich pined for a human playmate that it had at a former farm, and refused to be comforted until the human friend visited the ostrich farm one day. Ostriches may be able to swallow anything, but we are not, and we balk at that yarn.

Advertise it, or advertise for it in the Evening News.

A Hemet man has sent $16 to the government as customs duty on a musical instrument that he imported several years ago, and the value of which he understated at that time. Everybody will heartily commend him for his deed, if it doesn't mean that we will all have to report our incomes honestly to the government and give an honest valuation of our property to the assessor.

Many deep sea fish have been killed in the channel off Santa Barbara from some explosion under-sea. Their bodies have been found floating on the surface of the ocean. The cause may have been the cracking of the ice breaking up in the spring thaw in Hades, since many Santa Barbarans believed that that locality would freeze over before the country would go dry.

NOTICE OF HEARING OF PETITION FOR PROBATE OF WILL NO. 46102

In the Superior Court of the State of California, in and for the County of Los Angeles.

In the Matter of Estate of CARRIE EDNA WATLING, Deceased.

Notice is hereby given that the petition of CAROLINE V. WATLING, for the probate of will of CARRIE EDNA WATLING, Deceased, and for the issuance of letters testamentary, thereon to CAROLINE V. WATLING, will be heard at 2:00 o'clock p. m. on the 24th day of March, 1920, at the court room of Department 2 of the Superior Court of the State of California, in and for the County of Los Angeles.

Dated March 1, 1920.
